

CUCKOO and a warm welcome to the Black Forest Highlands!

If you stay at least two nights with one of our card hosts, you'll be able to activate your Red Card and take advantage of numerous special offers in our region.

... AND THIS IS HOW IT WORKS:

1 After filling in your online registration form, you – the principal booking person – will receive a link via e-mail to mein.hochschwarzwald.de (Quick check in).

2 Click on »Activate Card« and create your personal user account. Your Red Card (and the card/s of your fellow traveller/s) will be activated in the form of a QR code.

3 Once activation is complete, the adventure and excitement begin. Under **Hochschwarzwald Card**, you have an overview of all the offers included in the **inclusive services**. You can also explore and discover the offers available as **discounted services** to book during your stay.

INCLUSIVE SERVICES

Simply show your QR code on your smart phone and your KONUS guest card at the cash desk. Please note: In some cases, advance notice may be required. The inclusive services can be used on every full day of the vacation and on the day of arrival or departure.

PLUS SERVICES

Go to **Hochschwarzwald Card** and find your offers below your Red Card image.

Find your discounted services by clicking on the button "Book Plus Services".

Choose your favourite attraction and enter the date of your visit.

Click on »Payment Now« (plus services). The discount will be deducted in the shopping cart.

After booking you'll receive a booking confirmation with QR code and you'll also find your QR code in your digital wallet.

Show the QR code on your smart phone and your KONUS guest card at the cash desk.

Attention:

Plus services must be booked in advance. They can't be obtained upon entrance. Please be aware that internet is not available in all places. Therefore, we recommend to book plus services e.g. from your holiday home.

Do you prefer to use your Red Card in printed form? – No problem!

Simply inform your host. They can print out your Red Card including the QR code which enables you to use the Inclusive Services directly.

Please note that in this case booking of the plus services is only possible in one of our tourist information centres, during their opening hours.

We wish you an exciting and enjoyable stay!
